

Introduction

GovPay is an online platform that provides digital payment facilities for government services in Sri Lanka. It is designed for citizens and businesses to make payments such as taxes, bills, and education fees securely and easily.

This platform is operated with the collaboration of **ICTA**, **Central Bank of Sri Lanka**, and **LankaPay**, and it helps the government to collect revenue more accurately, transparently, and efficiently. You can find more detailed information about this through the following website:

In line with such digital transformations, the Management Information Unit (MIU) of the Department of Technical Education and Training is preparing to introduce an online payment platform for all courses that allows secure and easy payments through banks and digital wallets with an uninterrupted, user-friendly experience. This will help you make payments conveniently.

These payments can be made according to the guidelines below:

1. Accessing the System

- Open a web browser.
- Access the website by entering or clicking the following web address in the browser's address bar: <https://dtet.gov.lk>
- After accessing the website, click on the "Application Status" button on the page.

2. Making the Payment

After accessing the above web page, enter your National Identity Card number “NIC” and click on the Check button.

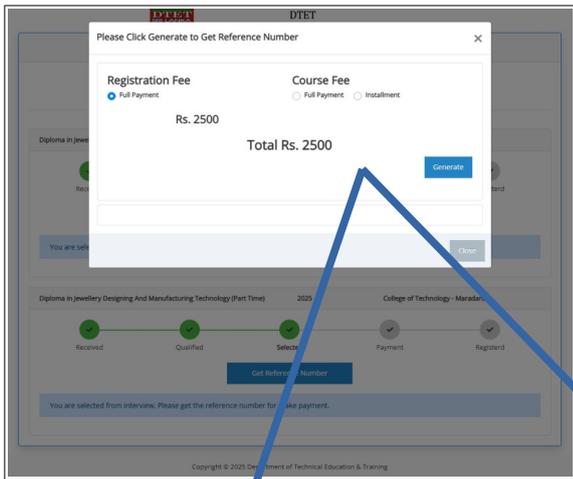

Then a page similar to the one shown below will appear:

- ✓ **Received Status** – The online application has been entered into the system.
- ✓ **Qualified Status** – You have qualified for the interview.
- ✓ **Selected Status** – You have been selected for the course. (In this case, the relevant notification will be provided via SMS.)

Now, click on the **Get Reference Number** button.

Note – The procedure for making payments for all courses is announced annually through a gazette notification of the Democratic Socialist Republic of Sri Lanka regarding student admissions.

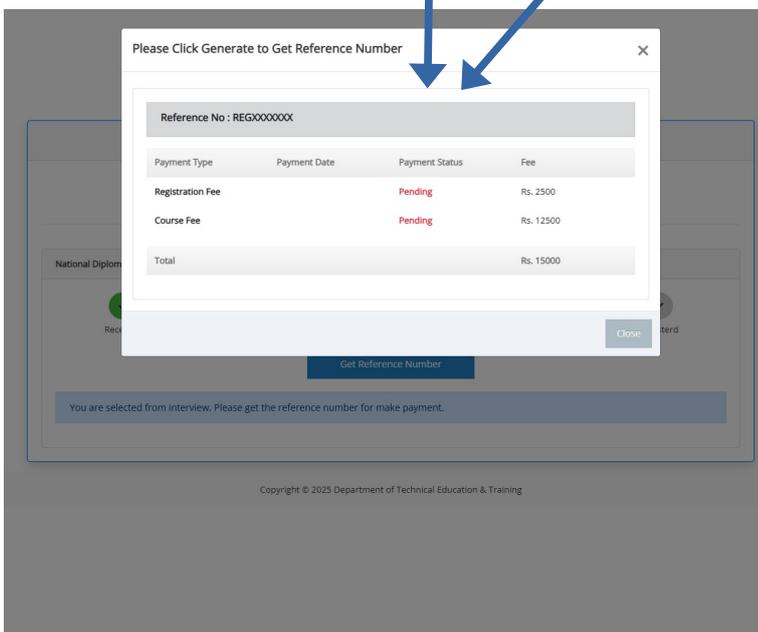

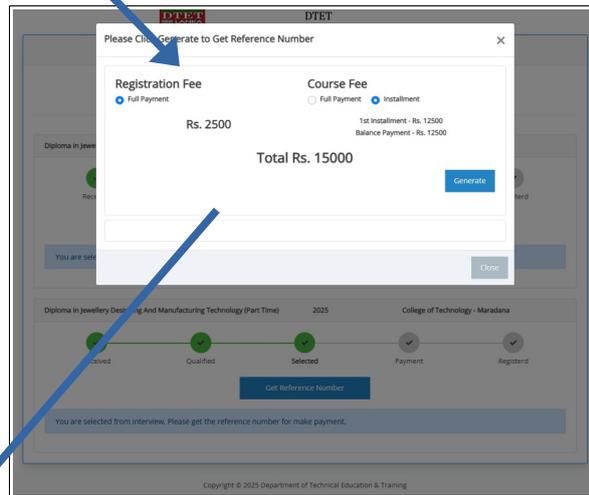

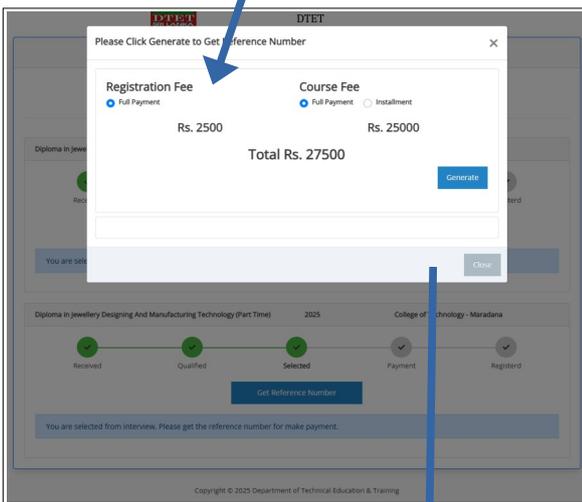

2025 Gazette - <https://dtet.gov.lk/en/download-categories/general-downloads/>

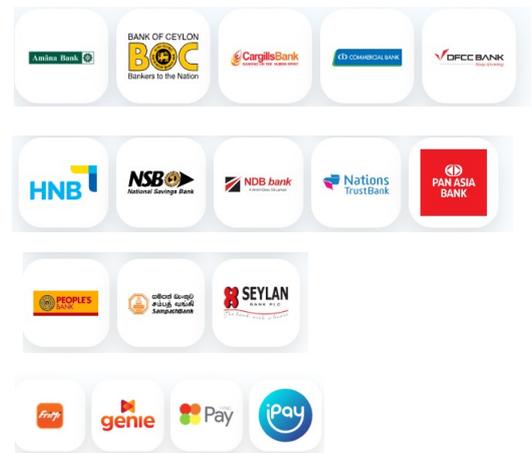

Select the registration and course fees payable for your chosen course.

* Course fees can be paid in full (Full Payment) or in installments (Installment).

To obtain the necessary Reference Number for making the payment, click on the Generate button.

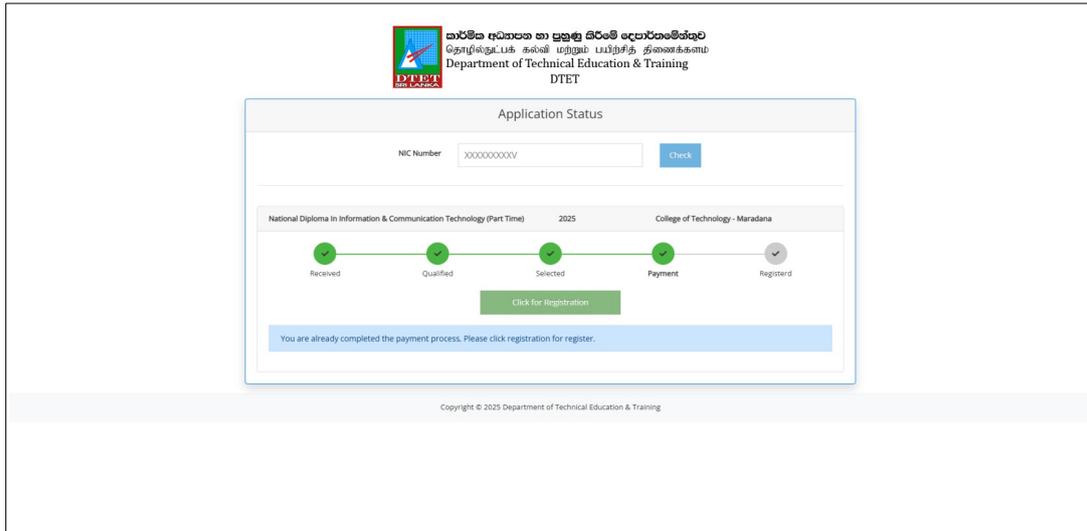

Now you can pay the registration and course fees using the above Reference Number through a convenient bank or financial technology partner application.

(Here, you will be notified via SMS once the fees have been successfully paid.)

3. Checking payment

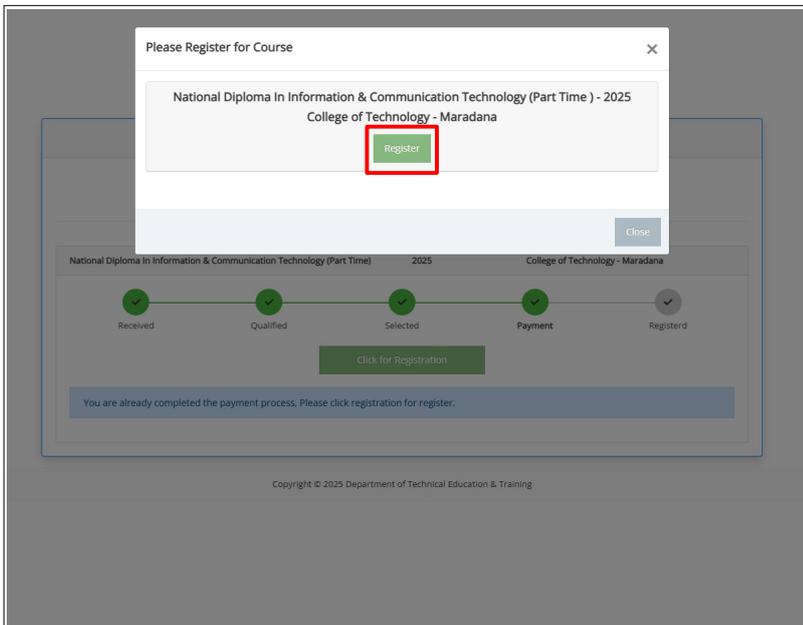

Follow steps ① and ② above again.

If the payment was successful, a webpage similar to the one shown above will appear.

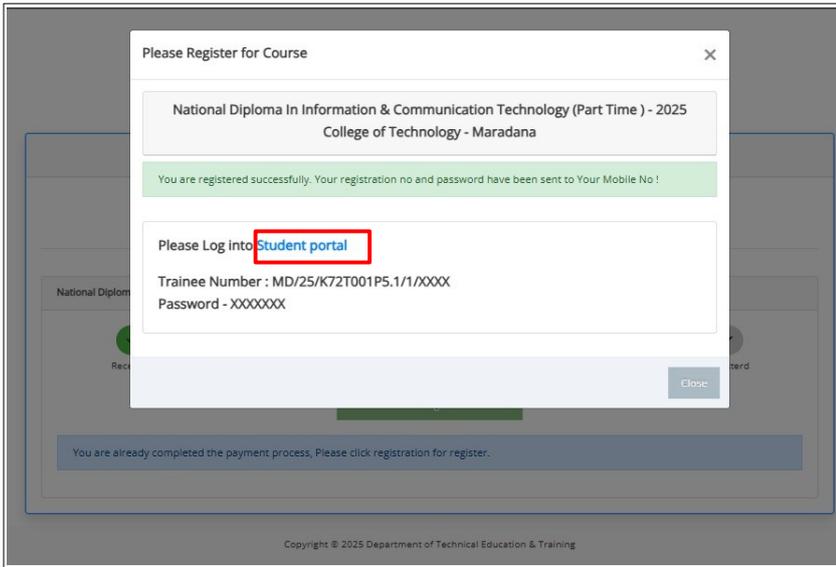

4. Course Registration

Click on the **Click to registration** button. You will be able to see a webpage similar to the one shown below.

Now click on the Register button.

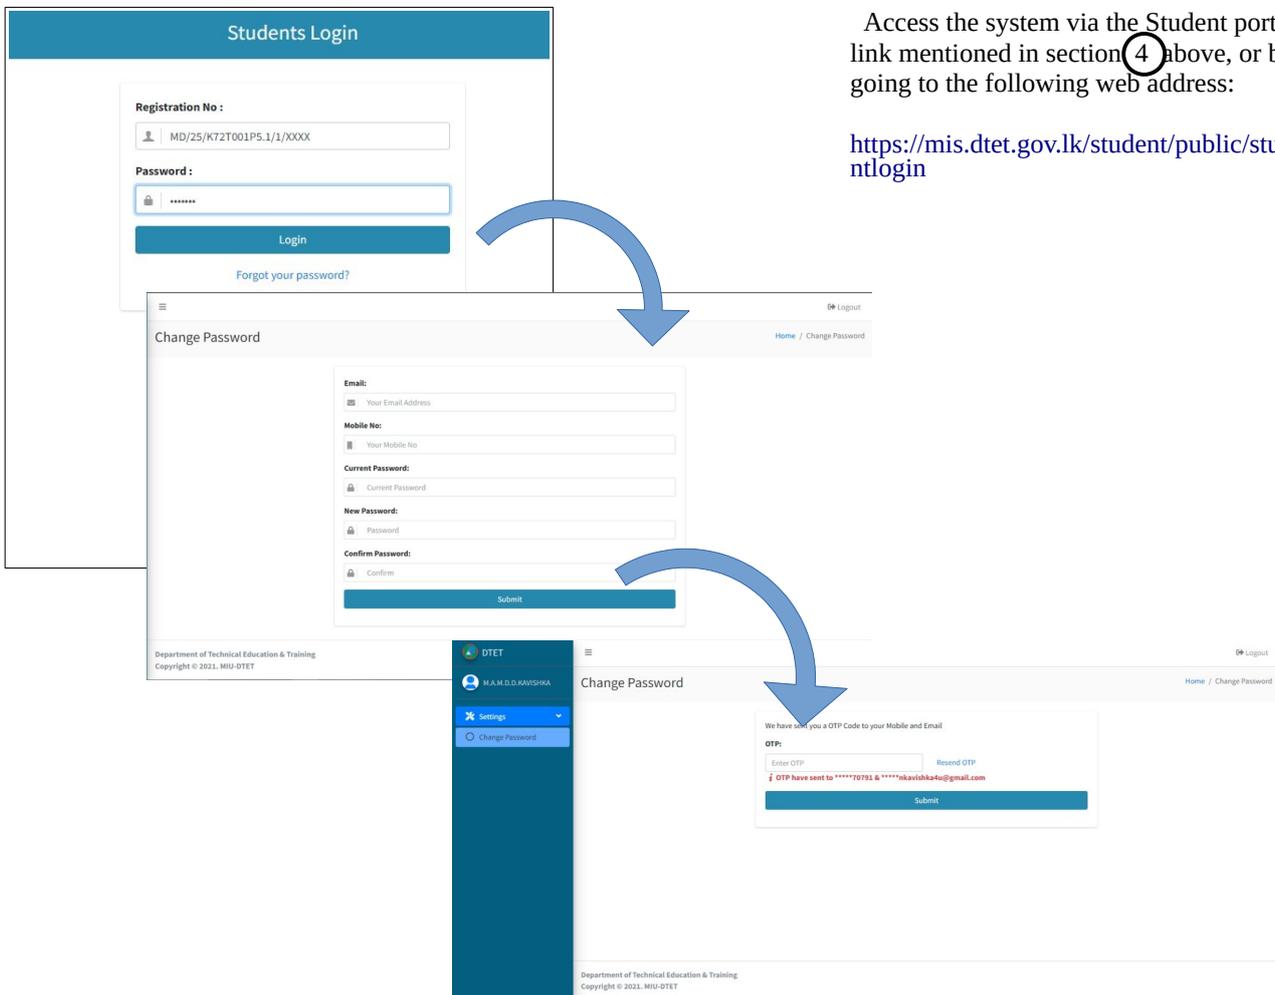

If the registration is successful, your training number and password will be notified via SMS and Email.

Issues related to incorrect registration or payment confirmation by the system can be resolved by the Management Information Unit. (See section 7)

The department bears no responsibility for payments made through banks or other applications. .

5. ශිෂ්‍ය ද්වාර පිවිසුම (Student portal Login)

Access the system via the Student portal link mentioned in section 4 above, or by going to the following web address:

<https://mis.dtet.gov.lk/student/public/studentlogin>

6. Enrollment

This section is used when making installment payments for course fees that span more than one year. In that case, the Payment Plan will be set up as "installment".

Every time an installment is paid, you will receive a reference number in the format Enrxxxxx. Payments should be made using this new reference number, as explained in section ②. If the payment is successful, "Status → Paid" will be noted next to the reference number.

| No | Ref Number | Exam | Status |
|----|------------|-------------|--------|
| 1 | REG4108997 | Semester_01 | Paid |

Special Note

After paying the registration fees and course fees, the payment information may not be updated immediately by the system. In such instances, please check the Student Portal again after a short period.

 As it may take some time for the payment information to be updated, please avoid paying the installment twice.

7. Need Help?
